Medicare Application Process Page 1

- A. Before you can apply for Medicare Supplement or Medicare Advantage coverage, you must have BOTH Medicare Part A and Medicare Part B effective on your start date. You can then apply for Medicare Supplement coverage as early as 3 months before your Medicare birthday month. Your effective date would be the first of your birthday month, EXCEPTION: your birthday is on the 1st of the month, & then your effective date would be the 1st of the prior month of your birthday month.**
- B. If you are already signed up for Social Security Income or will be starting on your Medicare effective date month:
You should automatically receive your Medicare Claim Card with Part A & Part B effective dates listed. The Medicare Part B premium will be an automatic deduction out of your Social Security check. See the table on the next page for your premium amount. This monthly charge is separate from the cost of a Medicare Supplement Plan. When you have your Medicare Card with both Medicare A and B, then please call me to further assist you as there is no charge for my service, and there is no difference in the cost by going with me. The companies pay me, and I can also help you in the future if needed, so you will have a local agent to help you.**
- C. If you are not signed up for Social Security Income and are not planning to when you turn 65, BUT YOU DO want to sign up for Medicare Supplement Coverage, contact the Social Security Department at 1-800-772-1213, or go on line to: www.ssa.gov and create a log in account and sign up for Medicare Part A and B. You will be billed for the Part B premiums. As soon as you receive your Medicare Claim card please call me so I can further assist you.**

D. If you are not collecting Social Security, and still working and are on a group health plan, and with a company of 20 or more employees, and you are not going to sign up for a Medicare Supplement Plan until you leave your Company Group Health Plan, you do not have to sign up for Medicare Part B and you will not be penalized. This will save you the monthly Medicare Part B Premium while you have a qualified group health plan. If you work for a company with Less than 20 employees, then you do need to sign up for Medicare Part A & B or there will be a 10% penalty per year for every year you delay the Part B sign up and that will be added to your Part B premium, and that is for life. The penalty is based on the base premium not the total premium. If you are working for a company with 20 or more employees and you want to Sign up for Medicare Part B, there are two forms that need to be filled out: Form CMS – L564 (Needs to be filled out and signed by your employer) and Form CMS – 40B that you fill out and sign. These two forms need to be sent into Social Security office by Fax or mail. When submitted the effective date of Medicare Part B should be the first of next month.

E. If you do decide to sign up for Medicare Part A & B, when you turn 65, and still stay on your group health plan, you can do so by going to go to www.ssa.gov and create an account or you can call the Social Security Department at 1-800-772-1213 and make an appointment.

Medicare Supplements & Stand-Alone Drug Plans

- A. With a Medicare Supplement Plan, you can go to any doctor, any Hospital anywhere in the country that accepts Medicare. You do not have to look up providers on a list. You would also need to purchase a separate Prescription Drug Plan, even if you do not take prescriptions, so there would be no penalty. If you do not, then there is a penalty for life.**
- B. With a Medicare Supplement Plan, you pay a monthly premium to have the plan. Please call us to determine the monthly cost of the plan as it is based on the zip code you live in.**
- C. With Plan G, you would only have \$283.00 per year deductible for out-patient medical expenses and then all Medicare covered expenses would be fully paid by the plan and you would pay nothing out of pocket for covered medical services.**
- D. For Hospitalization—the \$1,736 Deductible is paid by your plan.**
- E. With Plan G High-Deductible, you pay a lower monthly cost to have the plan, but you can go to any provider that accepts Medicare.**

YOU CHOOSE FROM PROVIDERS THAT ARE IN NETWORK*

- A. Several plans have \$0, no monthly premiums and include medical and prescription coverage. Some plans do charge a monthly premium.**
- B. You pay as you use the plan. Example: You would pay a copay for doctor visits. With covered Preventative Services, there are no copays.**
- C. With a hospital stay you pay a copay per day up to a certain number of days. Then you pay nothing after that. (Ask about our Hospital Supplemental plan. It pays your Hospital Co Pays for an in hospital stay).**
- D. There are two types of plans: HMO and PPO**
- E. HMO – You must choose a primary care physician that is in network and takes the plan. In some situations, you must get a referral to see other doctors such as specialists. You must only use doctors and providers in network unless it is a true emergency.**
- F. PPO – You choose a primary care physician, but you do not have to get a referral to see in network providers. If you choose to go out of network, you will pay more out of pocket than with in network providers.**

G. There are limited Dental, Hearing, and Vision Benefits. (See the Summary of Benefits per plan).

H. Most plans include Gym membership at no cost.

***Exception: With a PPO Plan you may go out of network, but you will pay higher costs.**

IMPORTANT: PLEASE CALL US TO GUIDE YOU AS THERE IS NO COST FOR OUR SERVICE. YOU PAY THE SAME COSTS FOR THE PLANS. YOU WILL HAVE A LOCAL FLORIDA AGENT IF NEEDED FOR FUTURE SERVICE.
